## PROJECTS DIRECTED AND PARTICIPATED

- “Skyland Project of the City of Erzurum”. Erzurum is the city located in the Eastern Part of Turkey. This project has been tried to be implemented together with the Municipality of Erzurum in Turkey. We have established a foundation for the realization of this project and I am the founding board member of the foundation. This project is a museum park project. There are museums such as “Snow Flakes”, “Earthquake”, “Astronomy”, “Numbers”, and workshops areas for research and development activities. The design, feasibility, and economic impact analysis of this museum, which has a total of 17 museums in different themes and activity workshops in different areas, were all done by me and a team. Link to the promotional video of the project: <https://www.youtube.com/watch?v=IwpMQsAoYDA>
- ERASMUS-Plus project: Name: “Similarities in Diversity” and “Let’s Play Together”. These projects were developed under my guidance and implemented under Erasmus-Plus Program with the European Union Funds. Students from our university went to different cities/universities of members of different European Union countries to participate in various social/cultural and sporting activities together with their counterparts. In the continuation of the project, students from different cities and universities in Europe came to Ankara University and participated in various activities for a week and became part of the cultural exchange.
